Author Index

Ahmad, M. 311
Akram, W. 311
Angelone, M. 291

Bennett, G. 19
Bini, C. 291
Borrego, C. 55
Bouwer, K. 157
Brand, E.C. 241
Bulman, R.A. 267

Clayton, R.F. 267
Copius Peereboom, J.W. 157
Coradossi, N. 291

Donati, A. 125

Giolitti, A. 125

Ham, G.J. 267
Harrison, J.D. 267
Hilton, J. 253
Hoogervorst, N.J.P. 137
Howard, P.J.A. 219
Hussain, S.D. 311

Jans, J.H. 7
Johnson, T.E. 267

Khan, I.H. 311
Klidonas, Y. 83

Leonard, R.D.P. 253
Livens, F.R. 253

Marchettini, N. 125
Meeus, J.H.A. 171

O'Riordan, T. 39

Pfaffenberger, W. 107

Rietveld, P. 205
Rossi, C. 125

Sajjad, M.I. 311
Scheele, U. 107
Slesser, M. 191
Spezzano, P. 253

Tasneem, M.A. 311
Thiébaut, L. 95
Tiezzi, E. 125

Ulgiati, S. 125

Valladares, M.A. 71
Vaselli, O. 291
Vos, J.B. 29
van Gent, H.A. 205

Subject Index

Air pollution, road transport, environment, Europe, traffic noise, vehicle pollution standards, 205
Air, pollution, environmental policies, water, soil, Portugal, natural resources, 55
Americium, speciation, plutonium, bioavailability, isotachophoresis, 267
Assessment, soil protection, soil quantity, northern EC countries, policy implementation, 219
Athens, atmosphere, total geomorphology, pollution sources, correction measures, 83
Atmosphere, Athens, total geomorphology, pollution sources, correction measures, 83

Bioavailability, speciation, plutonium, americium, isotachophoresis, 267

Catchment release, Cs-137, radioactivity, Chernobyl, 253
Chernobyl, Cs-137, radioactivity, catchment release, 253
Classification, typology, diversity, policy scenarios, planning, 171
Common Agricultural Policy (CAP), environmental economics, General Agreement on Tariffs and Trade (GATT), nitrogen, 137
Common Agricultural Policy (CAP), natural habitats, Spain, EC policy, species loss, 71
Conflicting interests, EC environment directives, implementation, national differences, 19
Correction measures, atmosphere, Athens, total geomorphology, pollution sources, 83
Cs-137, radioactivity, catchment release, Chernobyl, 253

Diversity, typology, classification, policy scenarios, planning, 171

EC directives, water management, water pollution, single market, environmental instruments, 107
EC environment directives, implementation, conflicting interests, national differences, 19
EC policy, natural habitats, Spain, Common Agricultural Policy (CAP), species loss, 71
Economic instruments, environmental policy, European Community, internal market, fiscal harmonization, 29
Economics, environmental science, Netherlands, natural science, social science, teaching, research, 157
EEC, environment, law, protetction, 7
Energy, sustainable development, greenhouse gases, 191
Environment, EEC, law, protetction, 7
Environment, road transport, Europe, air pollution, traffic noise, vehicle pollution standards, 205
Environmental economics, Common Agricultural Policy (CAP), General Agreement on Tariffs and Trade (GATT), nitrogen, 137
Environmental impact, pesticides, Italian agriculture, environmental policy, pesticide pollution, 125
Environmental instruments, water management, water pollution, single market, EC directives, 107
Environmental policies, pollution, water, air, soil, Portugal, natural resources, 55
Environmental policy, economic instruments, European Community, internal market, fiscal harmonization, 29
Environmental policy, hazardous waste, internal market, European Community, waste exports, 241
Environmental policy, pesticides, Italian agriculture, environmental impact, pesticide pollution, 125
Environmental protection, pollution, regulations, industry, 39
Environmental science, Netherlands, natural science, social science, economics, teaching, research, 157

Europe, road transport, environment, air pollution, traffic noise, vehicle pollution standards, 205
European Community, economic instruments, environmental policy, internal market, fiscal harmonization, 29
European Community, hazardous waste, internal market, environmental policy, waste exports, 241

Fiscal harmonization, economic instruments, environmental policy, European Community, internal market, 29

General Agreement on Tariffs and Trade (GATT), environmental economics, Common Agricultural Policy (CAP), nitrogen, 137
Greenhouse gases, sustainable development, energy, 191
Groundwater, salinity, Indus Basin, isotopic evidence, 311

Hazardous waste, internal market, environmental policy, European Community, waste exports, 241

Implementation, EC environment directives, conflicting interests, national differences, 19
Indus Basin, salinity, groundwater, isotopic evidence, 311
Industry, pollution, regulations, environmental protection, 39
Internal market, economic instruments, environmental policy, European Community, fiscal harmonization, 29
Internal market, hazardous waste, environmental policy, European Community, waste exports, 241
Isotachophoresis, speciation, plutonium, americium, bioavailability, 267
Isotopic evidence, salinity, groundwater, Indus Basin, 311
Italian agriculture, pesticides, environmental policy, environmental impact, pesticide pollution, 125

Landscape protection, landscape value, structural polices in agriculture, 95
Landscape value, landscape protection, structural polices in agriculture, 95
Law, EEC, environment, protetction, 7

National differences, EC environment directives, implementation, conflicting interests, 19
Natural habitats, Spain, EC policy, Common Agricultural Policy (CAP), species loss, 71
Natural resources, pollution, environmental policies, water, air, soil, Portugal, 55
Natural science, environmental science, Netherlands, social science, economics, teaching, research, 157
Netherlands, environmental science, natural science, social science, economics, teaching, research, 157
Nitrogen, environmental economics, Common Agricultural Policy (CAP), General Agreement on Tariffs and Trade (GATT), 137
Northern EC countries, soil protection, soil quantity, assessment, policy implementation, 219

Ophiolitic soils, soil geochemistry, trace element availability, 291

Pesticide pollution, pesticides, Italian agriculture, environmental policy, environmental impact, 125
Pesticides, Italian agriculture, environmental policy, environmental impact, pesticide pollution, 125
Planning, typology, diversity, classification, policy scenarios, 171
Plutonium, speciation, americium, bioavailability, isotachophoresis, 267
Policy implementation, soil protection, soil quantity, assessment, northern EC countries, 219
Policy scenarios, typology, diversity, classification, planning, 171
Pollution sources, atmosphere, Athens, total geomorphology, correction measures, 83
Pollution, environmental policies, water, air, soil, Portugal, natural resources, 55
Pollution, regulations, industry, environmental protection, 39
Portugal, pollution, environmental policies, water, air, soil, natural resources, 55
Protetction, EEC, environment, law, 7

Radioactivity, Cs-137, catchment release, Chernobyl, 253
Regulations, pollution, industry, environmental protection, 39
Research, environmental science, Netherlands, natural science, social science, economics, teaching, 157
Road transport, environment, Europe, air pollution, traffic noise, vehicle pollution standards, 205

Salinity, groundwater, Indus Basin, isotopic evidence, 311
Single market, water management, water pollution, EC directives, environmental instruments, 107
Social science, environmental science, Netherlands, natural science, economics, teaching, research, 157
Soil geochemistry, ophiolitic soils, trace element availability, 291
Soil protection, soil quantity, assessment, northern EC countries, policy implementation, 219
Soil quantity, soil protection, assessment, northern EC countries, policy implementation, 219
Soil, pollution, environmental policies, water, air, Portugal, natural resources, 55
Spain, natural habitats, EC policy, Common Agricultural Policy (CAP), species loss, 71
Speciation, plutonium, americium, bioavailability, isotachophoresis, 267
Species loss, natural habitats, Spain, EC policy, Common Agricultural Policy (CAP), 71
Structural polices in agriculture, landscape protection, landscape value, 95
Sustainable development, greenhouse gases, energy, 191

Teaching, environmental science, Netherlands, natural science, social science, economics, research, 157
Total geomorphology, atmosphere, Athens, pollution sources, correction measures, 83
Trace element availability, ophiolitic soils, soil geochemistry, 291
Traffic noise, road transport, environment, Europe, air pollution, vehicle pollution standards, 205
Typology, diversity, classification, policy scenarios, planning, 171

Vehicle pollution standards, road transport, environment, Europe, air pollution, traffic noise, 205

Waste exports, hazardous waste, internal market, environmental policy, European Community, 241
Water management, water pollution, single market, EC directives, environmental instruments, 107
Water pollution, water management, single market, EC directives, environmental instruments, 107
Water, pollution, environmental policies, air, soil, Portugal, natural resources, 55
